

## OGB-1C

### INSTRUCTIONS

Read Carefully and Comply Fully

Note: This application is for STEP 2 of the Class II well permit process ONLY. See OGB Rule 400-4-2-.01 for Step 1 and Step 2 requirements.

An application shall be filed in triplicate with the State Oil and Gas Board at the address below and approval obtained before injection of fluids begins. Applications which do not comply with applicable rules must be set for public hearing.

This application must be accompanied by:

- (1) Surface injection system schematic diagram.
- (2) Wellbore sketch.
- (3) Casing test results, Form OGB-7.
- (4) Proof that long string of casing is adequately cemented.
- (5) Annotated Geophysical log through injection zone.
- (6) Affidavit specifying source of fluids.
- (7) Analyses of fluids to be injected and fluids in the injection zone.
- (8) Statement specifying proposed treatment of the injected fluids prior to injection.

Make sure that you complete the form correctly and provide all the information requested. **State Oil and Gas Board personnel will not make additions to or change any part of a notarized form.**

**The permit number assigned to this well should always be used in correspondence relating to this well.**
